

**REMARKS**

Claims 1-42 are pending in the application.

In response to the election requirement issued in Paper No. 20060821, Applicant elects to prosecute the invention of Group VII drawn to a therapeutic delivery system comprising a therapeutic agent which is a drug or prodrug, and a sacromastigophoric organism containing said therapeutic agent and a lytic factor.

A species election of lytic factors is also required. Applicant elects lytic factor a) Hpr.

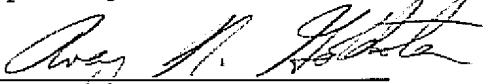

A species election of sacromastigophoric organisms is also required. Applicant elects organism a) trypanosoma.

An election as to gene species is also required. Applicant elects a) host genes or a polymorph thereof.

Claims 2, 4-9, 13 and 41 are submitted to read on the elected species. Applicant makes this election WITHOUT traverse.

Dated: *September 29, 2008*

Respectfully submitted,

By
